Jared Bernstein

Jared Bernstein has been a Senior Fellow at the Center on Budget and Policy Priorities since May 2011. From 2009 – 2011, he was Chief Economist and Economic Advisor to Vice President Joe Biden. His blog, ***On the Economy***, is a model of clarity about complex and critical economic issues. He is a frequent commentator on CNBC and MSNBC, in the *Washington Post* and the *New York Times*.

Deborah Weinstein

Deborah Weinstein has been executive director of the Coalition on Human Needs since 2003. Before that she was director of the Family Income Division at the Children's Defense Fund. Debbie has been helping advocates use Census and other data to combat poverty and hardship for more than two decades.

Ellen Teller, Moderator

Ellen Teller is Director of Government Affairs at the Food Research and Action Center (FRAC). She joined FRAC in 1986, and previously served as an attorney at the American Bar Association, Center for Science in the Public Interest and the Consumer Federation of America. She is the Board Chair of the Coalition on Human Needs.

Poverty and Income Day

Jared Bernstein
bernstein@cbsp.org

Thursday, 9/6/18

Things to look for on Wednesday (Sept. 12)

- Data refer to 2017
- Official and supplemental poverty numbers
- Income numbers
- Health coverage numbers

The Supplemental Poverty Measure is a better measure

Poverty Measure Concepts: Official and Supplemental		
	Official Poverty Measure	Supplemental Poverty Measure
Measurement Units	Families or unrelated individuals	Families (including any coresident unrelated children, foster children, unmarried partners and their relatives) or unrelated individuals (who are not otherwise included in the family definition)
Poverty Threshold	Three times the cost of a minimum food diet in 1963	The mean of expenditures on food, clothing, shelter, and utilities (FCSU) over all two-child consumer units in the 30th to 36th percentile range multiplied by 1.2
Threshold Adjustments	Vary by family size, composition, and age of householder	Geographic adjustments for differences in housing costs by tenure and a three-parameter equivalence scale for family size and composition
Updating Thresholds	Consumer Price Index: all items	5-year moving average of expenditures on FCSU
Resource Measure	Gross before-tax cash income	Sum of cash income, plus noncash benefits that families can use to meet their FCSU needs, minus taxes (or plus tax credits), minus work expenses, out-of-pocket medical expenses, and child support paid to another household

SPM Poverty Has Fallen Significantly Since the 1960s, But Has Been Flat Since 1999

Safety Net's Effectiveness at Reducing Child Poverty Has Grown Dramatically Since 1967

Percent of otherwise poor lifted above the poverty line by the safety net

Note: For each year, figures show the percent reduction in the number of children in poverty from when government benefits and taxes are not counted to when they are counted. Calculations use Supplemental Poverty Measure (SPM) and 2012 SPM poverty line adjusted for inflation.

CENTER ON BUDGET AND POLICY PRIORITIES | CBPP.ORG

Real Median Household Income (2017 Dollars)

Source: Author's calculations from Census Bureau data

Income growth has been slow to materialize during the current recovery

*7th-year value, for 2017, is a forecast.

Source: Author's analysis of Census Bureau data.

Note: Data is annual. Recovery year 0 is considered to be the year the recovery began if it began in July or earlier, the year after it began if it began in August or later. Similarly, the last year of the recovery is considered to be the year prior to it ending if it ended in June or earlier, the year it ended if it ended in July or later.

Low Inflation Helped Drive 2016's Income Gains

Source: Author's analysis of Bureau of Labor Statistics data

Americans Without Health Coverage Fell to Historic Low in 2016

Source: Census Bureau, Current Population Survey

CENTER ON BUDGET AND POLICY PRIORITIES | CBPP.ORG

What does this mean in the fractious world of 2018?

- If I'm in ballpark, then we're on trend.
- In fact, my forecast (FWIW) is that 2017 gains will be a bit behind 2015/16.
- Clearly, those who can work are responding to labor market conditions.
- What *would* help put further pressure of poverty rates?
 - Expand work-based credits *and* min wg
 - Subsidized jobs/apprenticeships
 - Strengthen health coverage
 - Criminal justice reform
 - Keep macroeconomy running hot

The New Data: Finding the Answers You Need

DEBORAH WEINSTEIN

How is poverty defined, anyway?

Official measure, poverty thresholds for 2017

still listed as preliminary, weighted averages:

1 person (average):	\$12,488
1, under 65:	\$12,752
1, 65 or older:	\$11,756
2 people:	\$15,901
3 people:	\$19,512
4 people:	\$25,086

Questions the data can answer:

- ▶ **Poverty** – How has it changed since last year, over the past 5 or 10 years? Do children, minorities, people with disabilities remain disproportionately poor?
- ▶ How much have SNAP, Social Security, tax credits, etc. reduced poverty?
- ▶ **Work and Earnings** – How many work but remain poor, or near poor?
- ▶ What's happened to median earnings over the past 5 years? What about unemployment?
- ▶ **Health insurance** – Are there fewer uninsured?

More questions

- ▶ **Deep poverty** – how many are below half the poverty line?
- ▶ **Rent hardships** – how many people are paying more than 35 or 50 percent of their income on rent?
- ▶ **Food hardships** – are more people using SNAP? How many are food insecure?
- ▶ **Education** – of those who haven't finished high school, how many are poor? Unemployed?

But wait! Big problems if Census is underfunded!

Three Big Problems:

- ▶ Oppose adding citizenship question to 2020 Census.
- ▶ 2020 Census needs funding now to prevent undercounting of children, communities of color. **\$4.2b total** for FY19 (Senate).
- ▶ Too little funding will also threaten accuracy of American Community Survey.

Help fight to count everyone:

- ▶ The Leadership Conference on Civil and Human Rights is doing great work to support an accurate 2020 Census –

To join in, contact

Sergio Lopez,

Lopez@civilrights.org

How to Find the Answers

- ▶ On September 12 and 13, the Census Bureau will release survey data for 2017:
 - ▶ Sept. 12: **Current Population Survey (CPS)** – national data: poverty, income, health insurance. Also, state health insurance data from the **American Community Survey (ACS)**.
 - ▶ Supplemental Poverty Measure report out on the 12th.
 - ▶ Sept. 13: **American Community Survey (ACS)** – state, local data (including congressional district).
- ▶ USDA released ***Household Food Security in the U.S. in 2017*** (with state data) on Sept. 5.

Breaking news:

Fewer households unable to afford food in 2017 than in 2011, but 15m households food insecure

Household Food Security in the United States in 2017

(www.ers.usda.gov)

- ▶ **15.0 million households – 40 m people** (11.8%) were food insecure – difficulty at some point in the year affording enough food. That's down from 15.6 million households (12.3%) in 2016, and down from the 14.9% peak in 2011.
- ▶ 5.8 million households (4.5%) had more severe food insecurity (aka, “very low food security”) – sometimes going without food – down from 4.9% in 2016.
- ▶ **Households with incomes below 185% of poverty: 30.8%.**
- ▶ Typical food-secure household spent 23% more for food than the typical food-insecure household.
- ▶ **Children:** food insecure in 7.7% of households with children (2.9 million households) – not significantly changed from 2016 (8.0%, or 3.1 million households). All households with children: 15.7%.
- ▶ **White** non-Hispanic households: 8.8% food insecure.
- ▶ **Black**, non-Hispanic households: 21.8% food insecure.
- ▶ **Hispanic** (may be of any race): 18% food insecure.

The New Data – Part 1

Tuesday, September 12: **Current Population Survey** release:

- ▶ Provides national picture re income, poverty, and health insurance.
- ▶ Will have state health insurance data from American Community Survey.
- ▶ Will release **Supplemental Poverty Measure** – will show people lifted out of poverty by SNAP, Social Security, tax credits, housing subsidies, etc.

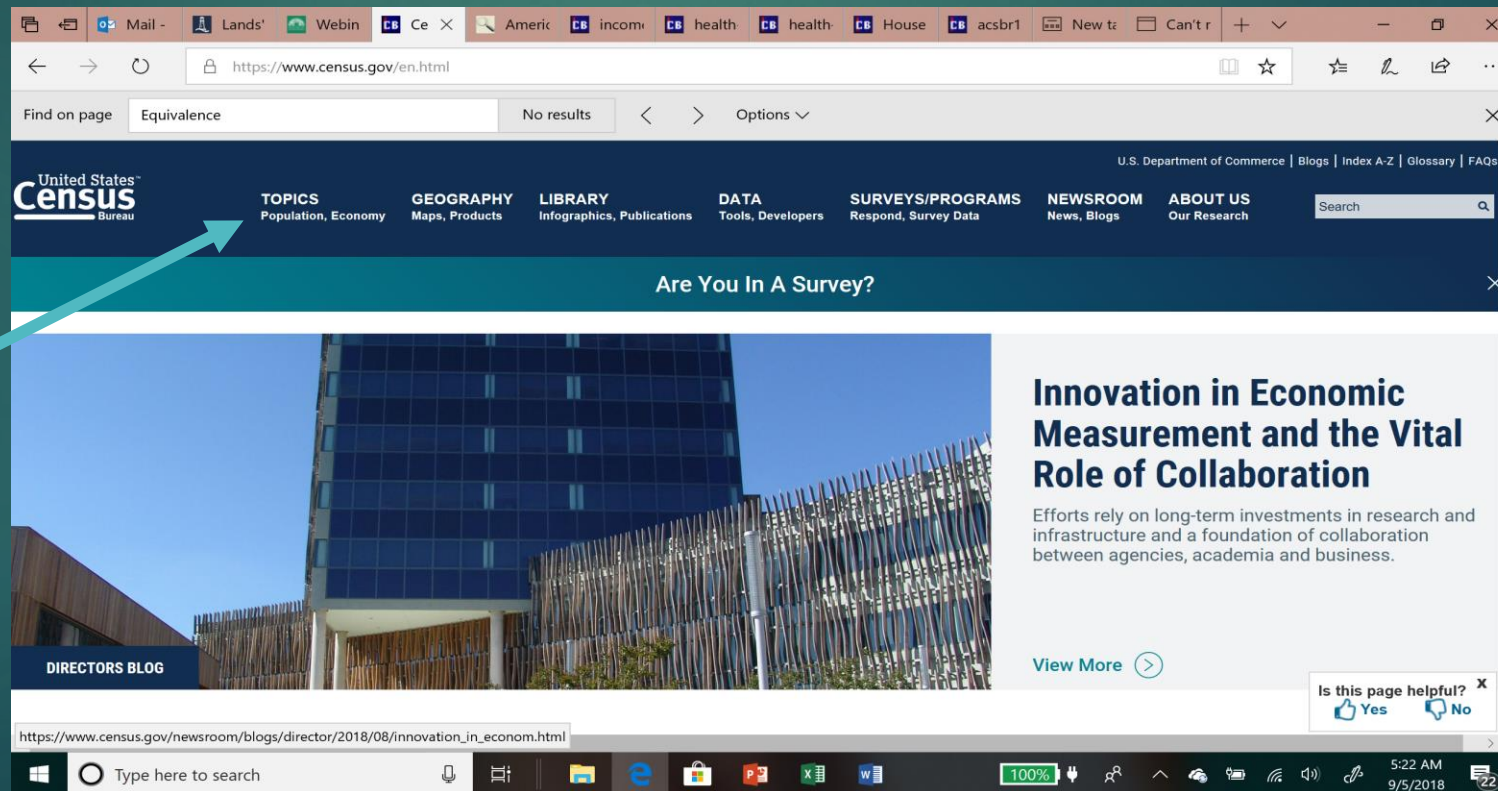

Finding the CPS Data on 9/12

Census Bureau Press Conf Online 10 a.m.

Press conference live at

<https://www.census.gov/newsroom/census-live.html>

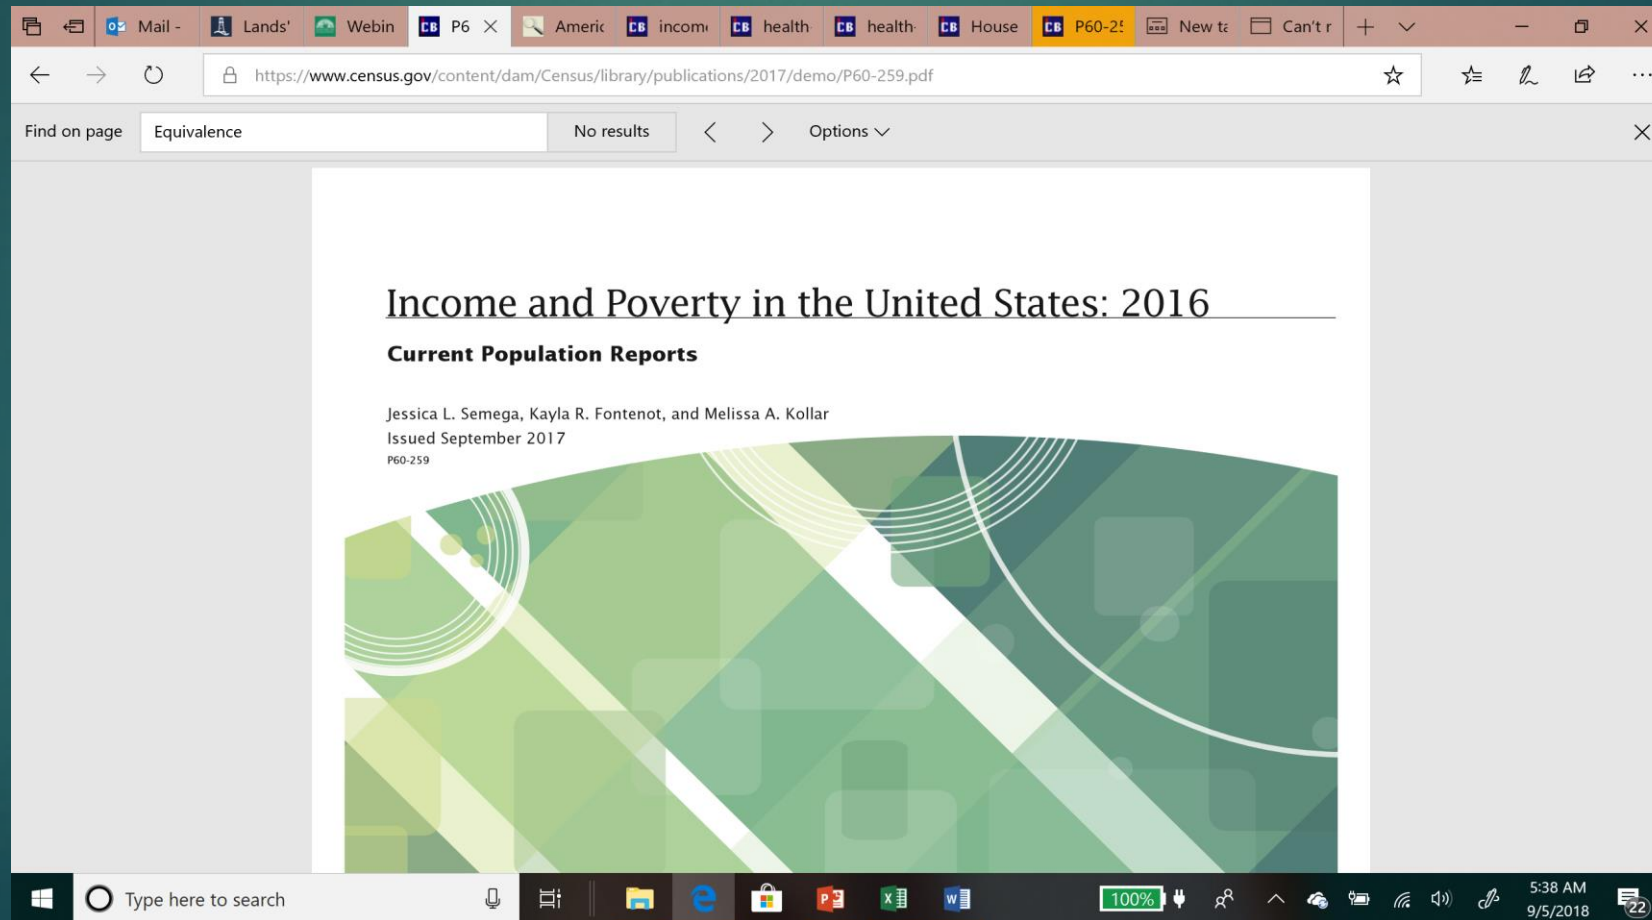

Find data at <https://www.census.gov/newsroom/press-kits/2018/income-poverty.html>

On 9/12, CPS, SPM, Health Insurance reports announced on home page

You can get full report, press materials, or detailed tables

Full Report: (this is last year's)

From Census homepage, click on “Topics,” then “Income & Poverty,” then “Income and Poverty Main”

The screenshot shows the U.S. Census Bureau website at the URL <https://www.census.gov/topics/income-poverty/poverty.html>. The page features a dark blue header with the Census Bureau logo and navigation links: TOPICS (Population, Economy), GEOGRAPHY (Maps, Products), LIBRARY (Infographics, Publications), DATA (Tools, Developers), SURVEYS/PROGRAMS (Respond, Survey Data), NEWSROOM (News, Blogs), and ABOUT US (Our Research). A search bar is located on the right. Below the header, a grid of topic buttons is displayed. The 'Income & Poverty' button is circled in red. A teal arrow points from the 'TOPICS' link in the header to the 'Income & Poverty' button. Below the grid, a white box contains the text: 'Income is the gauge many use to determine the well-being of the U.S. population. Survey and census questions cover poverty, income, and wealth.' A pink arrow points from this text box to the 'Income & Poverty Main' link in the left sidebar of the content area. The sidebar also includes links for 'About' and 'Data'. To the right of the sidebar, there are links for 'Income', 'Income Inequality', 'Poverty', 'Public Assistance', 'Small Area Income & Poverty Estimates (SAIPE)', 'Supplemental Poverty Measure', 'Wealth and Asset Ownership', and 'Well-Being'. At the bottom right, there is a feedback prompt: 'Is this page helpful?' with 'Yes' and 'No' buttons. The Windows taskbar at the bottom shows the time as 6:24 AM on 9/5/2018.

Go to Income and Poverty Main, then click on
“Poverty,” then “Data,” then “Poverty Data Tables”

The screenshot shows the U.S. Census Bureau website at the URL <https://www.census.gov/topics/income-poverty/poverty.html>. The page title is "Poverty". A green arrow points to the "Data" link in the left sidebar. A red arrow points to the "Poverty Data Tables" link in the dropdown menu. A purple arrow points to the "Poverty Thresholds" card. A yellow arrow points to the "Poverty in the US" card. The page content includes a search bar, navigation links (TOPICS, GEOGRAPHY, LIBRARY, DATA, SURVEYS/PROGRAMS, NEWSROOM, ABOUT US), and a main section titled "Poverty" with a description: "The Census Bureau provides poverty data from several household surveys. Here you can find poverty estimates, learn about these programs, and get guidance on how to choose the right data for your needs." Below this are four cards: "Poverty Thresholds" (2 Adults, 2 Children, \$24,858), "Poverty Data Tools" (map of the US), "Poverty in the US" (12.7%, 2016 Official Poverty Report), and "Poverty Data Tables" (calculator and coins). A "Is this page helpful?" survey is at the bottom right.

Poverty Data Tables

The tables below provide poverty statistics displayed in tables with columns and rows. Many tables are in downloadable in XLS, CVS and PDF file formats. Tables available in [American FactFinder](#) tables can be modified, bookmarked/saved, printed and downloaded.

To filter data tables for a specific survey use the links below:

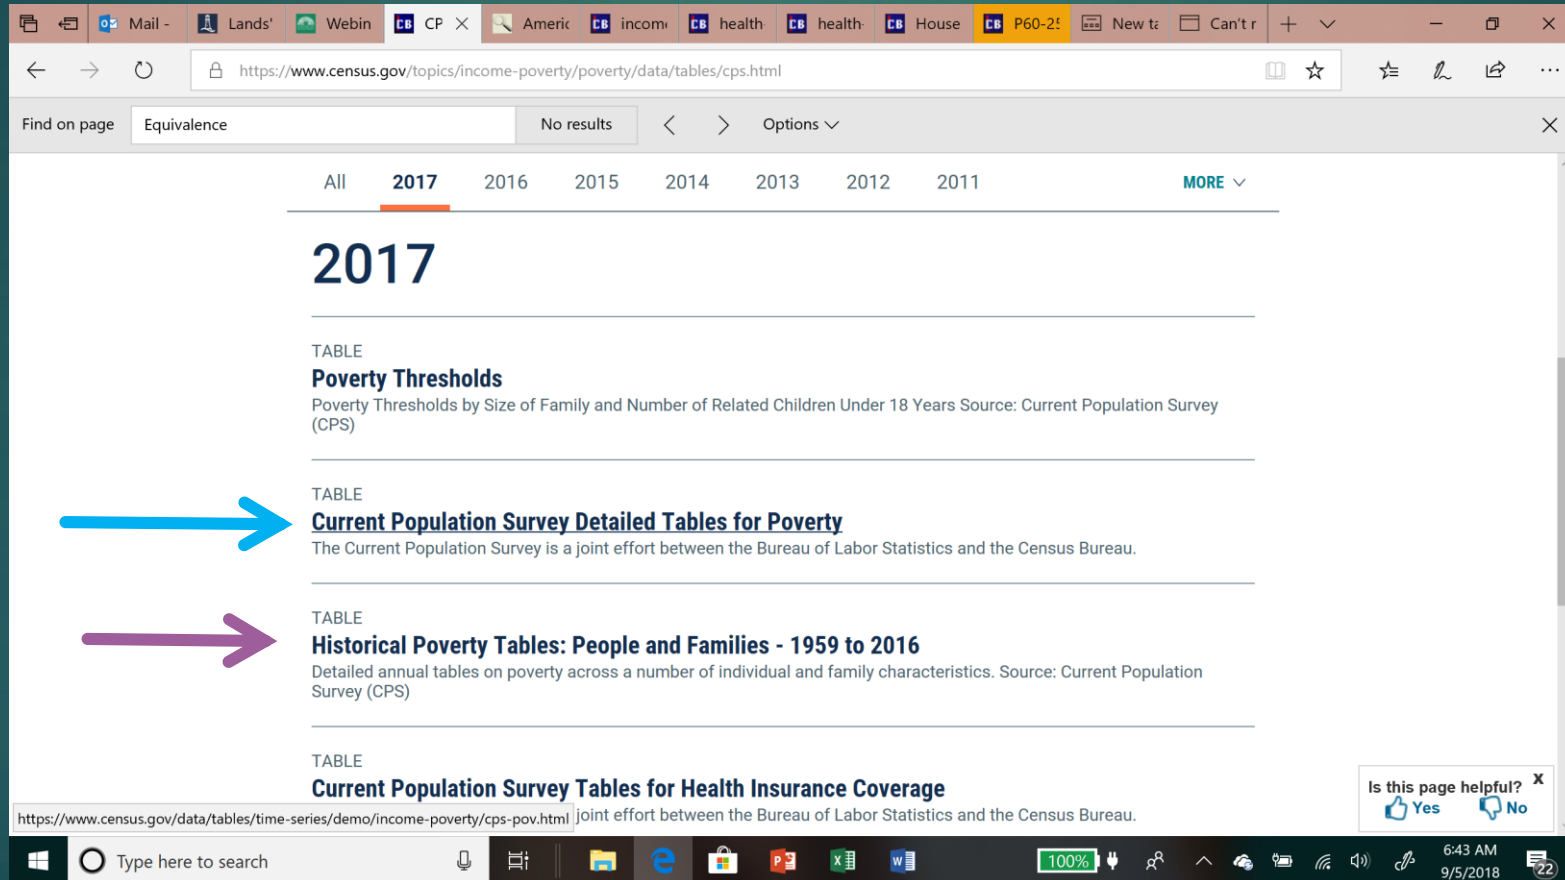

- [Current Population Survey \(CPS\)](#)
- [American Community Survey \(ACS\)](#)
- [Survey of Income and Program Participation \(SIPP\)](#)
- [Decennial Census](#)

All 2018 2017 2016 2015 2014 2013 2012 MORE

<https://www.census.gov/topics/income-poverty/poverty/data/tables/cps.html>

Is this page helpful? ☒ Yes ☐ No

Detailed tables show (mostly) national data – with breakdowns by race and up to 200% FPL;
Historical Tables –breakdowns by race, family type, region, work...

The screenshot shows a web browser window with the URL <https://www.census.gov/topics/income-poverty/poverty/data/tables/cps.html>. The page displays a search bar with "Equivalence" and "No results". Below the search bar, there are tabs for years: All, 2017, 2016, 2015, 2014, 2013, 2012, 2011, and a "MORE" link. The year 2017 is selected. The main content area lists several tables:

- 2017**
- TABLE Poverty Thresholds**
Poverty Thresholds by Size of Family and Number of Related Children Under 18 Years Source: Current Population Survey (CPS)
- TABLE Current Population Survey Detailed Tables for Poverty**
The Current Population Survey is a joint effort between the Bureau of Labor Statistics and the Census Bureau.
- TABLE Historical Poverty Tables: People and Families - 1959 to 2016**
Detailed annual tables on poverty across a number of individual and family characteristics. Source: Current Population Survey (CPS)
- TABLE Current Population Survey Tables for Health Insurance Coverage**
joint effort between the Bureau of Labor Statistics and the Census Bureau.

A blue arrow points to the "Current Population Survey Detailed Tables for Poverty" link, and a purple arrow points to the "Historical Poverty Tables: People and Families - 1959 to 2016" link. The bottom of the browser window shows the Windows taskbar with the search bar and various application icons.

A few examples of detailed tables:

- ▶ **POV01:** Shows people below 50% FPL, below 100%, below 200%, etc. White, Black, Asian, Hispanic (may be of any race); age breakdowns
- ▶ **POV06:** Families by number of working family members and family structure
- ▶ **POV22:** Work experience by age, sex, household relationship, poverty status
- ▶ **POV29:** Years of school by poverty status – age, sex, nativity, citizenship

The Supplemental Poverty Measure will also be released on 9/12

4

Because the Supplemental Poverty Measure counts more income sources and expenditures, its poverty estimates differ from the official measure.

The SPM answers questions about how effective certain programs are in reducing poverty.

Without SS income,
26.1m more people
would be poor

Without housing
subsidies, 3.1m more
people would be poor

Important analysis showing how the number of people in poverty declines because of Social Security, low-income tax credits, SNAP, UI, housing subsidies, etc.

Important to cite the SPM

- 
- ▶ Speaker Ryan and others say anti-poverty programs have not worked.
 - ▶ Therefore we should limit, subject to work requirements, and/or defund programs like SNAP, Medicaid, housing assistance...
 - ▶ Trump Administration says anti-pov programs do reduce poverty, but they discourage work.

But SPM shows that programs do work – and other research shows they can make it easier to find and keep jobs.

Health Insurance (topics: health)

Health insurance report out 9/12 should compare states that expanded Medicaid with those that didn't.

Figure 5.
Uninsured Rate by Poverty Status and Medicaid Expansion of State for Adults Aged 19 to 64: 2013 to 2016
(Civilian noninstitutionalized population)

Uninsured by State: tells you if state expanded Medicaid

Washington Post: National, Mail - DWeinstein@chn.org, American FactFinder - Search, p60-260.pdf

https://www.census.gov/content/dam/Census/library/publications/2017/demo/p60-260.pdf

Table A-5.
Number of People Without Health Insurance Coverage by State: 2013 to 2016
(Numbers in thousands. Civilian noninstitutionalized population. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www2.census.gov/programs-surveys/acs/tech_docs/accuracy/ACS_Accuracy_of_Data_2016.pdf)

For a wealth of state and local data, wait for Part 2: The American Community Survey, 9/13

Census.gov → data → data tools and apps

The screenshot shows the Census.gov website with the following elements:

- Navigation Menu:** TOPICS (Population, Economy), GEOGRAPHY (Maps, Products), LIBRARY (Infographics, Publications), **DATA (Tools, Developers)** (circled in red), SURVEYS/PROGRAMS (Respond, Survey Data), NEWSROOM (News, Blogs), ABOUT US (Our Research).
- Search Bar:** Located on the right side of the navigation menu.
- Data Tools & Apps Section:** A grid of links including Data Main, **Data Tools & Apps** (circled in red), Developers, Product Catalog, Related Sites, Combining Data, Software, Training & Workshops, and Visualizations.
- Are You In A Survey?** A teal banner with a close button (X).
- Featured Article:** "Innovation in Economic Measurement and the Vital Role of Collaboration" by the DIRECTORS BLOG. The article text states: "Efforts rely on long-term investments in research and infrastructure and a foundation of collaboration between agencies, academia and business." A "View More" link is provided.
- Footer:** A feedback widget asking "Is this page helpful?" with "Yes" and "No" buttons.

Questions ACS can answer:

For states, counties, Congressional Districts, cities...

- ▶ Has poverty grown or decreased from 2016 to 2017 – for children, seniors, communities of color, people with disabilities, workers...
- ▶ How many with/without health insurance?
- ▶ How many low-income people work?
- ▶ What happened over the last 2-5 years?
- ▶ Are income or earnings rising?
- ▶ How does your state compare to others?
- ▶ How many people are paying more than half their income on rent?

Getting American Community Survey data via American Factfinder

<https://factfinder.census.gov/faces/nav/jsf/pages/searchresults.xhtml?refresh=t>

➡ Advanced Search ➡ Show Me All

The screenshot shows the American FactFinder website interface. The browser's address bar displays the URL <https://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml>. The website header includes the United States Census Bureau logo and the 'AMERICAN FactFinder' title. A navigation bar contains links for MAIN, COMMUNITY FACTS, GUIDED SEARCH, ADVANCED SEARCH, and DOWNLOAD CENTER. A language selector shows 'English' and 'Español'. A banner below the navigation bar promotes a new dissemination platform at data.census.gov. The main content area features a list of search options: Community Facts, Guided Search, Advanced Search, and Download Center. The 'Advanced Search' option is highlighted with a red arrow, and a purple arrow points to the 'SHOW ME ALL' button below it. The 'Advanced Search' description states: 'Search all data in American FactFinder, with access to all geographic types and datasets.' Below this, a section titled 'Popular Tables' lists various data categories and tables, including 'Population and Housing', 'Poverty and Income', and 'Age, Race, Sex and Education'. A woman is shown in the background using a laptop and a magnifying glass over a map.

“Topics” lets you select the year (after data is released, pick 2017) and other categories.
Choose “Product type”

The screenshot shows the American FactFinder website interface. The browser's address bar displays the URL: <https://factfinder.census.gov/faces/nav/jsf/pages/searchresults.xhtml?refresh=t>. The website header includes the United States Census Bureau logo and the 'FactFinder' title. A navigation bar contains links for MAIN, COMMUNITY FACTS, GUIDED SEARCH, ADVANCED SEARCH, and DOWNLOAD CENTER. Below the navigation bar, a search instruction reads: "Search - Use the options on the left (topics, geographies, ...) to narrow your search results". On the left side, under "Your Selections", it states "'Your Selections' is empty" with links for "load search" and "save search". Below this, a section titled "Search using the options below:" lists three categories: "Topics (age, income, year, dataset, ...)", "Geographies (states, counties, places, ...)", and "Race and Ethnic Groups (race, ancestry, tribe)". A red star is placed next to the "Topics" category. A "Select Topics" dialog box is open in the center, titled "Select Topics to add to 'Your Selections'". It contains a list of topics with expandable icons: People, Housing, Business and Industry, Governments, Year, Product Type, Program, and Dataset. A red arrow points to "Product Type". The dialog box also includes a "CLOSE X" button and a question mark icon. At the bottom of the screen, a taskbar shows several Excel files (pov23_100_1.xls, pov07_100_5.xls, pov15_100_5.xls, pov15_100_1 (1).xls) and a Windows search bar.

The screenshot shows the American FactFinder website interface. At the top, there's a navigation bar with links like 'MAIN', 'COMMUNITY FACTS', 'GUIDED SEARCH', 'ADVANCED SEARCH' (highlighted), and 'DOWNLOAD CENTER'. Below this is a search bar with the text 'Search - Use the options on the left (topics, geographies, ...) to narrow your search results'. On the left side, there's a sidebar with 'Your Selections' and 'Search using...' options. The main content area shows 'Search Results: 1-25 of 69 tables and other products match "Your Selections"'. A dropdown menu is open for the 'state, county, place (optional)' field, showing a list of locations including Missouri, Mercer County, Missouri, Madison County, Missouri, Wright County, Missouri, Missouri City city, Texas, Missouri Valley city, Iowa, Missouri City city, Missouri, Washington township, Buchanan County, Missouri, Gallatin township, Clay County, Missouri, and Kaw township, Jackson County, Missouri. The 'GO' button is highlighted with a red box. Below the dropdown, a table of search results is displayed, with the row for 'CP03 COMPARATIVE ECONOMIC CHARACTERISTICS 2016 ACS 1-year estimates' highlighted in purple. The bottom of the screen shows a Windows taskbar with various application icons and the system clock indicating 3:10 PM on 9/5/2018.

Select “**State**” as the geographic type; then choose your state (**Maine**, here), and click on “**Add to your selections;**” then “**Close.**”

The screenshot shows the American FactFinder search results page. The browser address bar displays the URL: <https://factfinder.census.gov/faces/nav/jsf/pages/searchresults.xhtml?refresh=t>. The page title is "Search Results: 1-25 of 59 tables and other products match 'Your Selections'".

On the left side, there is a sidebar with the following sections:

- Your Selections**
 - Search using...
 - Product Type: Comparison Profile
 - clear all selections and start a new search
 - load search | save search
 - Search using the options below:
 - Topics (age, income, year, dataset, ...)
 - Geographies (states, counties, places, ...)
 - Race and Ethnic Groups (race, ancestry, tribe)
 - Industry Codes (NAICS industry, ...)
 - EEO Occupation Codes (executives, analysts, ...)

The main content area is titled "Select Geographies" and contains the following elements:

- Buttons: List, Name, Address, Map
- Section: Select geographies to add to Your Selections
- Radio buttons: Select from: ☒ most requested geographic types ☐ all geographic types
- Dropdown menu: Select a geographic type: State - 040
- Text: Select one or more geographic areas and click **Add to Your Selections**:
- List of states: Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, **Maine**, Maryland, Massachusetts
- Buttons: **ADD TO YOUR SELECTIONS** (circled in red), **ABOUT THIS GEOGRAPHY**
- Footer text: Didn't find your geographic type? Click the 'all geographic types' radio button above, or try the Name, Address or Map geography search options instead.

A purple arrow points to the **CLOSE** button in the top right corner of the dialog box.

Pick Black or African American alone, Amer. Indian/Alaska Native alone, Asian alone, Hispanic (may be of any race), White (not Hispanic)

How many low-income households are paying half or more of their income on rent? (a little tricky)

- ▶ In the advanced search topics box, enter **B25074**
- ▶ For state, **Wisconsin**, here
- ▶ Add numbers for 50% or more for “less than \$10,000,” “\$10,000 to \$19,999,” and “\$20,000 to \$34,999.” Here, adds up to 158,668.
- ▶ Add up total households in each of these income categories = 397,040.
- ▶ Divide 158,668 by 397,040 =
40% of households with income under \$35,000 in WI are spending half or more of their income on rent.

\$35,000 to \$49,999:	129,339	+/-5,464
Less than 20.0 percent	31,579	+/-2,866
20.0 to 24.9 percent	35,186	+/-2,715

How does your state rank compared to other states re proportion uninsured?

Geography: United States ▾

Rank	Geographical Area	Percent	Margin of Error
	United States	8.6	+/-0.1
1	Texas	16.6	+/-0.2
2	Alaska	14.0	+/-0.9
3	Oklahoma	13.8	+/-0.3
4	Georgia	12.9	+/-0.3
5	Florida	12.5	+/-0.2
6	Mississippi	11.8	+/-0.4
7	Wyoming	11.5	+/-1.0
8	Nevada	11.4	+/-0.5
9	North Carolina	10.4	+/-0.2
10	Louisiana	10.3	+/-0.4
11	Idaho	10.1	+/-0.5
12	Arizona	10.0	+/-0.3
12	South Carolina	10.0	+/-0.3
14	New Mexico	9.2	+/-0.5
15	Alabama	9.1	+/-0.3
16	Tennessee	9.0	+/-0.2

Under topics, select R2701 (ranking table) – you'll get US and all states for percent uninsured.

Want to say more about your state's localities or Congressional districts?

- ▶ You can get that from ACS –
- ▶ For example, for poverty, select table **S1701**; in “Geographies” select congressional districts, your state, then highlight all CD's.
- ▶ Click on ADD TO YOUR SELECTIONS

The screenshot shows the American FactFinder web application. The browser tabs include 'Washington Post: National', 'Mail - DWeinstein@chn.org', 'American FactFinder - S', and 'p60-260.pdf'. The address bar shows the URL: <https://factfinder.census.gov/faces/nav/jsf/pages/searchresults.xhtml?refresh=t#none>.

The page displays search results for 'Your Selections'. The search criteria are: Program: American Community Survey, Search using...: clear all selections and start a new search, load search | save search. The search results show 1-25 of 70,307 tables and other products match 'Your Selections'.

The 'Select Geographies' section is active, showing a list of geographies to add to the selections. The search criteria are: Select from: most requested geographic types (selected), all geographic types; Select a geographic type: Congressional District - 500; Select a state: Maine; Select a version: 115th Congress. The list of geographies includes: Congressional District 1 (115th Congress), Maine; Congressional District 2 (115th Congress), Maine. The 'ADD TO YOUR SELECTIONS' button is circled in red.

The Windows taskbar at the bottom shows the search bar with 'Type here to search' and various application icons. The system tray shows the date and time as 100%.

Make Your Case

- ▶ Want to make the case for your state taking the Affordable Care Act Medicaid option?
 - **Cite greater proportion of uninsured people in your state (R2701). (Or, to fight against Medicaid cuts, show how your state has benefited from Medicaid expansion.)**
- ▶ Want to fight for more housing subsidies?
 - **Show large numbers paying more than 50% of income on rent. (B25074)**
- ▶ Want to fight against SNAP cuts?
 - **Show SPM evidence that they lift people out of poverty.**
- ▶ Want to show the need for more education and other work supports? Want to show that more work requirements are not what's needed?
 - **Show how poverty has not declined enough over time (CP03) and how many poor people work at least part time (S1701).**

We'll send you...

- ▶ These slides and the webinar recording
- ▶ Quick key points about the new data (national and state)
- ▶ Links to Census Bureau tables with the data we've discussed
- ▶ Analyses by other expert organizations
- ▶ CHN national and state key points
- ▶ Infographics you can use and share
- ▶ Suggested tweets, sample letters to the editor, etc.

Thanks!
